

Directions - Chapter 9 - De Vacaciones

Task: Using various web searches of your choice on the computer, complete the **De Vacaciones** worksheet. All of the worksheet's questions must be answered in complete, Spanish sentences. However, any box on the worksheet can simply be completed using a one or two-word Spanish answer. I've written a few vocabulary words on the back of the worksheet (on the bottom) to help you along. However, if I haven't listed an unfamiliar word, you should know it. So, if you get stuck, try looking up any unfamiliar words in your textbook's dictionary. Or, you could ask a neighbor if he/she knows the word. Remember, when looking up verbs in a dictionary; always look up the infinitive verb form. Otherwise, you will not be able to find the word meaning. For instance, puedes will not be in the dictionary. But, its infinitive form poder will be listed. This assignment is due today at the end of the hour. If you finish early, you may review your vocabulary flashcards. **Importante** - The first five questions on today's worksheet require you to answer based on today's weather in Michigan or your personal preferences. You do not need the computer to answer the first five questions. Further, for the remainder of the worksheet, simply use random internet searches about the weather in three cities: Argentina, Chile and España. You will not need to use the "Tiempo" link that is listed on the worksheet ¡Buena suerte!
