

AN IMAGINARY ANIMAL

Supplies Needed for this Project

- 8.5" x 11" construction paper
- markers and colored pencils

Objective: To invent an imaginary animal using

the body parts of different animals.

1. Draw an imaginary animal. The animal should be made up of body parts of at least six different

animals. The drawing should fill most of an 8.5" x 11" sheet of construction paper. You will be graded on

neatness, use of markers and colored pencils, and creativity.

2. When finished with your drawing, write the following

about your animal. Make this as funny as you can!

- Write the animal's name: Make up a name by

taking and combining syllables from the target language

names for the animals you used.

- For at least four body parts, tell which animal it is from.

- For at least two body parts, give the color or design.

- Tell where the animal lives.

- Tell what the animal eats.

- Tell what the animal says.

- Tell the animal's size.
