

# Travel Brochure

**Task:** You have been asked to create a brochure for a travel agency in Mexico. Your brochure will highlight the six interesting travel destinations visited by Sue and Steve in Un Verano Misterioso. You will include a map of Mexico and six pictures, each depicting one of the activities or sites someone traveling to those cities might see while there. For example, you might choose to draw a picture of the statue of Pípila on the mountain top to as your representative picture of Guanajuato or you might choose to include a picture of a large, open-aired market to represent Guadalajara. These are just examples. So, feel free to do what you like. Include a map of Mexico with each of the travel cities indicated and labeled on the map. Be sure to present your project as a true travel brochure would be layed out. Follow the example of what Sra. LeBlanc showed you in class. This project is worth 65 points. Consult the rubric below to be sure you've included everything you need to include in order to receive maximum points.
