

EL POEMA "ME GUSTA/ME ENCANTA"

- Now that we have practiced with *GUSTAR* and other similar verbs, it's time to take it to a more personal level, and combine it with other things we have been working on.
- ¡Vamos a Escribir! You can use *GUSTAR*, adjectives, verbs and other vocabulary to compose a poem entirely in Spanish.
- Think of something you really like. This can be a noun (thing) or verb (action).
- Think about why you like it.
- Think about where/how you interact with this thing you like. Who, where, why and when are good questions to ask yourself as you are trying to draft your sentences.
- Choose one of those situations and describe it in greater detail. Use adjectives to describe it. Pay attention that they agree in quantity and gender with what they describe.
- List other nouns or actions that connect to what you like.
- You may wish to start each new idea with the same *ME GUSTA/ME ENCANTA* sentence.

BRAINSTORM PHASE: What kinds of words will you need to talk about the thing you like?

My example poem (on the back of this page) is 17 lines in length. Your poem should be at least 10 lines in length. Don't forget to incorporate some type of art in your poem. **Do not** use online translators for this assignment.

LA MÚSICA

Me encanta la música

El ritmo de los tambores,

las trompetas y las guitarras.

Me encanta mirar a los músicos.

Ellos están tocando sus instrumentos,

Para los mayores, los menores, y para mí.

Me encanta mover mi cuerpo a la música.

Me encanta bailar la salsa, la cumbia y el merengue.

Practico en mi casa, uno dos tres, uno dos tres

Vamos a la fiesta y bailamos toda la noche,

Cada canción con otra persona, ¡Invítame a bailar por favor!

Me encanta la música

Me hace más tranquila, más energética

Me conecta con la música,

Canciones diferentes para emociones diferentes

Me encanta la música,

No puedo imaginar vivir en silencio.
